Energy in Another State

EXO gallery

|EN| The exhibition "Energy in Another State" by Joeggu Hossmann is a powerful portrait of human existence in the digital age. His realistic oil paintings, characterized by a distinctive pixelated style, merge the precision of traditional painting techniques with the aesthetics of modern technologies.

Hossmann's works capture the essence of contemporary life – a world shaped equally by the complexity of digital interconnectedness and the fundamental questions of human identity. In his paintings, the pixels appear not only as a visual reference to digital imagery but also as a metaphorical grid reflecting the fragmentation and reconstruction of our daily lives. They illustrate how technology transforms our perception, our connections, and our self-images.

|DE| Die Ausstellung „Energy from Another State“ von Joeggu Hossmann ist ein kraftvolles Porträt der menschlichen Existenz im digitalen Zeitalter. Seine realistischen Ölgemälde, geprägt von einem markanten, verpixelten Stil, verschmelzen die Präzision traditioneller Maltechniken mit der Ästhetik moderner Technologien.

Hossmanns Werke erfassen die Essenz des zeitgenössischen Lebens – eine Welt, die gleichermaßen von der Komplexität der digitalen Vernetzung wie von den grundlegenden Fragen menschlicher Identität geprägt ist. In seinen Bildern scheinen die Pixel nicht nur als visuelle Anspielung auf die digitale Bildsprache, sondern als metaphorisches Raster, das die Fragmentierung und Rekonstruktion unseres Alltags widerspiegelt. Sie zeigen die Art und Weise, wie Technologie unsere Wahrnehmung, unsere Verbindungen und unsere Selbstbilder transformiert.

Joeggu Hossmann

Joeggu Hossmann, Swiss painter, merges motives from contemporary life in the digital era and travel moods into meticulously composed canvases.

Hossmann's content is radically contemporary. His motifs are collected, compressed impressions of everyday life, reflected and frozen with an intensity that captivates the audience. His protagonists and their environments merge together with the glowing, muted colors of his fore and backgrounds. Pixelated abstractions of color help to blur these boundaries. The narrative in his work, is painted in an untamed, changing rhythm. through the shifting mood of the texts which move from calm, almost pensive, to loud, even shrill, Hossmann shows his view of the world. Travel impressions and the digital age serve as an inexhaustible inspiration. Impressions from afar, like the strange smells and sounds that he absorbed during his travels across the USA, Australia, Mexico, Vietnam and beyond, are brought back home get to be painted like an endless film. For Hossmann content is valued above aesthetic composition.

In documenting the current zeitgeist, Hossmann is combining traditional oil painting with our digital age. Despite the advances in technology, painting has not been superseded yet and still provides new stimuli and impulses. The main focus of his practice is to reflect and criticize the absurdities and contradictions of our everyday life and social coexistence in the light of the effects of global networks, the '24/7' availability of information and new digital technological innovation on the people and their identity. He transcribes imagery found on the internet into traditional paintings and in doing so presents a collective visual memory of the virtual world.

Joeggu Hossmann was born in 1978 in Thun, Switzerland, where he lives and works today.
