Artist's Bio

Kinga Su is a multi-faceted multidisciplinary Polish artist living in Strasbourg, France. Within the vast tapestry of her creative expressions, animation emerges as the primary conduit through which she breathes life into images. Yet, her artistic yearning extends beyond the digital canvas; she ardently embraces the tactile dance with materials, through traditional graphic techniques such as linocut, drypoint, and woodcut.

Su was born in 1994 in Poland. Graduated from French Studies at the University of Warsaw and Graphic Arts at the Academy of Fine Arts in Warsaw, Poland. She is currently graduating from Graphic Communication at Haute École des Arts du Rhin in Strasbourg, France.

Whether it's digital or manual work, I always strive to contemplate and gain deeper insight into the issues that we are facing as humanity and bring them closer to the audience through a visual journey. I'm inspired by natural processes and materials, which I first need to learn how to work with and be guided by their qualities. This kind of work has a meditative quality for me, and I hope to bring that experience to the viewer, creating a very sensitive and intimate piece.
